Subject: Request for Donation of RO Water Cooler for 1343 Students at Madni Inter College

Respected Sir/Madam,

I hope this letter finds you in good health and high spirits.

With due respect, I would like to draw your kind attention to Madni Inter College, Chakpihani, Kaiserganj, Bahraich, U.P., which is dedicated to providing quality education to students from economically weaker and deprived sections of society, particularly underprivileged Muslim families.

Our institution currently has 1343 students enrolled. We maintain a very minimal monthly fee structure of ₹250, ₹300, and ₹350 to ensure that no child is deprived of education due to financial constraints. Despite limited resources, we are committed to maintaining good academic standards and providing a safe and supportive learning environment.

However, we are facing a serious and urgent challenge. Our school does not have a large RO water cooler system to provide clean and safe drinking water to our students. Access to purified drinking water is essential for their health and well-being, especially during the extreme summer months in our region. Installing a high-capacity water cooler with an RO plant has now become a necessity for safeguarding the health of our students.

Therefore, I humbly request your esteemed organization to kindly support us by donating a large RO water cooler system for our school. Your generous assistance in this noble cause—particularly during the blessed month of Ramadan—will serve as a lasting Sadaqah Jariyah and a continuous source of reward.

We sincerely hope for your kind consideration and positive response.

May Allah reward you abundantly for your generosity and support.

Yours sincerely,

Dr. Arshad Rais

Principal

Madni Inter College
